The Equitable School Readiness Strategic Plan is aligned with the County's Strategic Plan to Facilitate the Economic Success of Fairfax County

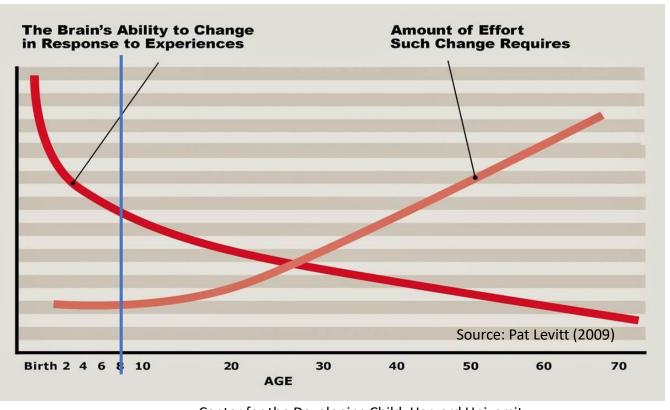

- Goal 5: Achieve Economic Success through Education and Social Equity
 - 5.1 (a) Expand access to quality early child care and Pre-K education for all.

Long term studies of children's participation in high-quality early childhood development programs consistently find lasting and important benefits for the children, their families, and the community.

- Improve child well-being
- Close the achievement gap
- Improve equity in achieving lifelong learning
- Increase economic activity and adult human capital development

More beneficial and less costly to support strong brain development in the early years than to intervene later on.

Investment in quality early childhood experiences reduces social costs and promotes economic growth.

- Children who have high quality early childhood experiences:
 - Are healthier
 - Attain higher levels of education
 - Earn higher incomes
 - Are less likely to become involved with the criminal justice system
 - Become productive members of society
- Investments in the most vulnerable children are critical and have the greatest impact.

Gaps Persist

73,697 children under the age of 5 in Fairfax County

Approximately 1 in 5 children are economically disadvantaged

- 13,855 (18.8%) children under the age of 5 living below 200% federal poverty level
 - 5,380 (7.3%) children under the age of 5 living below 100% federal poverty level

1,589 (12.18%) kindergarteners who were assessed using the DRA2 Word Analysis did not meet the FCPS fall reading intervention benchmark and received additional support in SY16-17.

Gaps Persist

Income inequality is on the rise. The proportion of residents experiencing poverty is also on the rise and the rate is higher for communities of color.

Sustained momentum and increased investment is needed to ensure that all young children in Fairfax County will have the equitable support and resources necessary to begin school fully ready to succeed and thrive.

The Strategic Plan lays out the vision and strategies, responsive to the needs of families, to achieve positive outcomes for each child.

School Readiness Vision

All children enter kindergarten at their optimal developmental level with equitable opportunity for success.

School Readiness Mission

Families, communities, schools and the county work together to build an equitable, coordinated and comprehensive system that ensures young children in Fairfax County are ready to be successful in kindergarten and beyond.

Goals

- All children are ready.
- All families are ready.
- All professionals are ready.
- All schools are ready.
- Our community is ready.

Strategy One

Establish meaningful partnerships with families to grow school readiness opportunities in all communities and support children's optimal development in all settings.

Strategy Two

Provide equitable offerings of high-quality early development and learning experiences and related school readiness supports throughout the county.

Strategy Three

Foster quality and effective professional learning in all early childhood programs and services.

Strategy Four

Promote equity-focused planning and decision making, as well as shared accountability, through the use of data.

Strategy Five

Nurture a whole community commitment to school success for all children.

"One Fairfax can only be realized with an intentional racial and social equity policy at its core for all publicly delivered services. A racial and social equity policy provides both the direction and means to eliminate disparities, and work together to build a vibrant and opportunity-rich society for all"

One Fairfax Resolution

 One Fairfax Policy includes school readiness as an area of focus to promote equity.

"An early childhood education system that ensures all children enter kindergarten at their optimal developmental level with equitable opportunity for success."

 An Equity Framework and Tool supports the Equitable School Readiness Plan.

Implementing the Plan

Create a system for prevention-focused early childhood mental health consultation services to support children's successful participation in early childhood education programs and eliminate expulsion and suspension practices.

(Strategy Two, Action 9)

SCYPT endorsed the Fairfax County Equitable School Readiness Strategic Plan on October 4, 2017.

- On December 6, 2017, staff will present SCYPT with a Year
 One Implementation and Resource Plan for endorsement.
- Staff will present implementation plans and accomplishments to SCYPT on an annual basis.
